Re: *United States v. Combs*, 24-cr-542 (AS)

Dear Judge Subramanian:

We write pursuant to the Court's July 9, 2025 order (Dkt.451), to identify cases we believe match the Court's stated criteria. We provide two lists of cases.

First, we provide a list of cases where (i) the defendant was convicted solely under 18 U.S.C. § 2421(a), (ii) the defendant's base offense level was calculated under § 2G1.1(a)(2) and a Criminal History Category of I, and (iii) the defendant did not receive a downward departure under § 5K1.1. We identified 63 such cases using the United States Sentencing Commission's public datafiles from FY2005-FY2024.¹ While the Commission's datafiles exclude case identifiers, PACER searches make it possible to identify the dockets corresponding to the datafiles.²

Second, we provide a broader list of additional cases where the primary or sole conviction was for a violation of 18 U.S.C. § 2421(a). We identified these cases by conducting PACER Criminal Cases Report searches in each district, searching for cases with 18 U.S.C. § 2421 in the "citation" field, which identifies dockets containing a Mann Act charge. Please note that for these cases, due to the limited information available on some dockets, differing PACER practices across districts, and the sealed nature of many filings, it is not always possible to determine key information regarding these dockets—including the offense conduct and how the Guidelines were applied. For the sake of completeness, however, we include these cases.

The Court's order clearly states that "[n]o argument should be included in this letter." Dkt.451. We therefore note that our identification of these cases should in no way indicate that we believe these particular cases are relevant or should in any way guide the Court's approach to sentencing in this case. We merely identify these cases pursuant to the Court's order and reserve

² The USSG's datafiles contained three judgments matching the stated criteria for which we could not locate publicly available dockets.

all arguments concerning the relevance of these cases—or the lack thereof—for our forthcoming sentencing memorandum.
